"Mr. Greenleaf's part in the work is not merely well, it is admirably, done. His notes are full of learning, carefully considered, and of most commendable brevity. He has had no ambition to magnify his office. He has not encumbered his pages with a showy display of cheap learning, nor imposed upon the profession the necessity of purchasing a mass of speculative discussion, of no practical utility.

The whole work, edited throughout as the first two volumes have been, will be one of the most valuable grifs ever bestowed upon the legal profession, and will add essentially to Mr. Greenleaf's already extended reputation."—North American Review. American Review

ANGELL ON COMMON CARRIERS. - One Dr. Martin's Syrup of Wild Cherry and Sar-

Joseph K. Angell.

"His work will be valuable to every practising lawyer in the country, and ought to have a place in every library. We are happy to learn that it has been thus far well received, and we have no doubt that experience will vindicate the correctness of these first impressions."—Low Reporter.

"It is a monument of industry, learning and research, which will prove of great utility in the practice of law and in the business of life, and, we think, cannot fail to add to the well-carned fame which Mr. Angell has already acquired as a lawyer and writer on many important and interesting. written to us, he has used it with great success in his practice [see his letter in the pamphlet.] And in a letter from a lady on the Eastern Shore of this State, she says: "I had a letter from Miss Eon Tucsday; she says mother has requested her to any leably derived prostilets." say, Isabel derived almost instantaneous relief from DR. The Boonsborough Odd Fellow, of Washington county, Maryland, June 20th, 1848, says: "When an article has afforded relief to so many persons as DR. MARTIN'S COMPOUND SYRUP OF WILD CHERRY has done, we feel bound to make it known. There never was an article in this country that has afforded relief and gave more satisfaction than this. In the neighborhood of Brownsville, in this county, it has effected several important cures, and, from our own certain knowledge of it, we pronounce it unequalled for the cure of Coughs, Colds, and diseases of this kind."
